

STB 003 Self-closing, push-button, concealed shower mixer with mounting box and adjustable water temperature

STB 004 Self-closing, push-button, concealed shower mixer with extended mounting box, with adjustable water temperature

concealed shower mixer with mounting box and adjustable water temperature, Opening time 15-25 s, Water temperature 5-70°C, Flow rate 10 I/min (3 bar), Min. 0.5 bar; Max. 6 bar; recommended 2-4 bar

The faucets have a continuously adjustable flow time of 15-25 seconds, after which the water flow automatically stops, so they do not require any power supply.

This type of battery is highly resistant to mechanical damage and wear. It is mainly used in public areas - such as swimming pools, public baths, campsites, etc.

faucet uniquely combines a valve push with temperature controller in one element.

For maintenance, we recommend using LARRIN cleaning agent.
